For the Decatur Republic A DEPARTED FRIEND.

BY MRS. D. H. E. Oh! can it be—and is it it so,

That we are called to mourn?

A brother—we have fondly loved To earth he never can return. in Heaven to rest-it's far more sweet

Than here on earth to dwell. We wait until our Saviour calls.

And then we say—farewell!

The Lord opens the golden gate,
And lets the pilgrim in;
There he'll rest from toil and care;
He is free from every sin. Then we soon his footsteps follow, And leave this earth below, And join him in that Heaven above, Where all God's children go.

'Tis sad to part with those we love,

On earth to meet no more; We'll linger here a liftle while; And meet them on the other shore; Farewell! dear friends around, My Saviour bids me come:
Prepare yourselves to meet me there;
For I am going home,

TEMPERANCE AND APPLES.

The "temperance men" of Maine aving failed to enforce the most stringent prohibitory law that was ever enacted, are before the Legislature for more law. The bill they ask for prehibits the manufacture of intoxicating quors under penalty of \$500 fine or six months hard labor, and for the second violation both the fine and impris-onment, or a year of hard labor. The exception is not current wine, nor lel deiberry wine, nor Poland spring water, but anyone may manufacture eider from apples grown in the State, and sell it in quantities of a gallon and upwards. Cider from Maine apples, it is supposed is less intoxicating than eider made in other States, and honce this discriminbe permitted to recover liquors seized and destroyed. The superiority of the instruments we represent—the reputation of which is nation al—cannot be questioned. Remember also, that we have no notitious prices, which doing enables some dealers to offer large discounts to purchasers, thereby malding them think that they are getting a bargain, when, in reality, they are getting a poor Organ, and pay as much for it as would buy a first-class instrument. Eighteenth day of February, A. D. 1876, at 12 o'clock, noon,

D. L. BUNN,

DECATUR, ILLINOIS: Tuesday Evening, February 8.

APPOINTED .- Hon. J. P. Van Dorston, United States attorney for this district, having tendered his resignation, the President nominated General John I. Rinaker, of Carlinville, to fill the vacancy. The appointment is a very judicious one, Gon. Rinaker be ing a fine lawyer and a man of irreproachable character.

A WASHINGTON special says that Mr. Blains will not reply to Jeff. Davis' letter in kind, but that he intends to bring the subject before the House, and there pay his respects to the rebel ex President. Davis' letter will be scarcely less valuable to the Republican cause than Ben. Hill's speech.

since that time eight miles of street the Prince, in a field-marshal's uniform, mains have been laid, and eighty-five had mounted, his staff formed four abreast on horseback from left to right, hydrants erected. A reservoir holding 100,000 gallons, has also been erected on a hill two hundred and fifty feet Napier of Magala on his right. above the pumping works. The cost of the works up to the present time has been about \$50,000, but it is estimated that when the colorged reservoir with the necessary machinery and buildings, are al' completed, the entire ex- had been sitting down, rose as by one my of Lafayette assigned \$500,000 dings, are al' completed, the entire ex- had been sitting down, rose as by one my of Lafayette assigned \$500,000 dings, are al' completed, the entire ex- had been sitting down, rose as by one my of Lafayette assigned \$500,000 dings, are al' completed, the entire expenso wili reach \$100,000. Alton is favorably situated for obtaining a permanout water supply, and the fact that it has such will add greatly to the desirability of that place as a manufacturing point.

Americans as office-seekers, have provoked the surcasms of the world but our national office-hunting characteristic is now paralleled by the exhibitions of electioneering in France. The election, for members of the Chamber of Deputies are seen to take place, and nearly two thousand candidates are now busily engaged in calling the attention of their fellow citizens to honorable wounds, and the caims which these give them upon public sympathy. How many hundred disappointed Frenchmen there will be on the morning after the election; how many thousand francs and contimes they will be out of pocket, and how many billion sac-r-r-res will roud the balmy breezes of modern tiaul, eternity alone can reveal.

Representative Campbell, of Illnois Democrat, and philosophical financier from what he torus "the Independent standpoint," has delivered a speech on the tangle-footed question that has taxed the brains of both parties for some years back. Mr. Campbell very generously admitted that the Republican party was "entitled to all the credit for what has been well managed in our national finances during and since Delovan Times, Saturday.

Warm preakings and turned to over to Marshal Snider, who sent them and out walked a beautiful pigeon, so home on the Denver. Conductor St. John says this is the third trip the little follows have taken on his road.—

This is what the Ben Hill politicians mean. It is interesting to know what the Union Democrats really think of this insolence.

THE New York Evening Post draws this comparison between sturdy Kerr and India-rubber Hendricks:

Hendricks is the completest actipode of the character and sentiment ascribed to Mr. Kerr-a politician of the politicians, a poor, shambling, shuffling, two-faced, flexible waiter upon the tides; with no more consistency than a lump of dough, which he who han dles kneads into shape; whose habitual attitude for years has been that of ber, reduced the charge and then every jewelry in Decatur. ### BABY TRAMPS

As the way freight going South pull-od slowly into town Monday morning, two little fellows, clad in gray clothes, might have been seen to drop stealthily out of a box car and shuffle into the depot. Seeing smoke rising from Ray's grain office, they went in there, and after Mr. Gordon had thaw ed them out, he succeeded in drawing the intelligence out of them that they had run away from the Orphan's Home at Normal. They said they had left Normal Sunday, and walked to Stanford, where they erept into a box car and rode to Delevan, when the cold forced them out. It was Genercourt since his indictment, and the formality of pleading "not guilty" was gone through with.

The jurors remaining on the old panel, and those especially summoned for this case were called over, but only half of them responded, they having been selected from outside of St. Louis and many of them not having had time to arrive.

Mr. Storrs, counsel for defence, stated that they very much needed another day for consultation, and were also awaiting the arrival of important decumentary evidence.

Counsel for the government made no objection to the delay, and after brief consideration, Judge Dillon announced that the case would go over until to morrow moining, but that at 2 p. m the jurors would be called again, that it might be seen who were present. Counsel, jurors, witnesses and members of the press, were admitted even to the second floor of the government building. A crowd of several hundred, however, collected on

### DONATION VISITS.

And on Wednesday, 19th ult., we were invited to visit W. C. Smith's family, of Bethlehem congregation, and conveyance being furnished us by said congregation, we all found ourselves safely housed at Bro. Smith's about two p. m., with about one hundred and for ty of the citizens of Bethlehem commu nity. Some were members of our own church, and some were not, but again we were permitted to enjoy a very rich repast, in the way of a very fine supper and a donation of about \$120, partly money, and partly in other articles, such as a family needs; and, taking all together, the occasions were just such as are calculated to encourage and give confidence, and produce the most frater-

The letter speaks of numerous parties having been held this winter in that vicinity, all of which have been occasions of much enjoyment to those in attendance. One held at Mr. Malone's on Saturday night last is spoken of somewhat at length, and must have been a most enjoyable affair. The writer also says that an excellent school is being kept in the dis-.. The advantages of this Pump over many others are many. The Chain being button less, it is much lighter, consequently it is not liable to break, and works much easier. The RUBBER RUCKETS which are attached to the Chain will not wear the Tabling, consequently it will has longer than when Metal Buttons are used. It is, positively, ANTI-FRIEEZING, it is a positive WATER PURIFIER, as each lincket is constructed with an AiR CHAMRER, which carries a given quantity of pure air into the water, which immediately diffuses through the ontire body of water, purifying and cleaning, and rendering it fit for use.
